

#MyVoice Tangible Impact II: MFRC innovative ideas exchange

Informed by #MyVoice members' call for greater consistency in service delivery between locations. WebXchange is a new initiative to enable MFRCs to share innovative ideas in family support.

MFRC Innovative Ideas WebXchange

What

An informal chat/networking chat (think "coffee talk"), sharing your innovative ideas about family support at the MFRC level.

How

Using Webex and telecon, MFS coordinates a WebXchange and invites 1-2 MFRCs to chat for a few minutes about their innovative ideas for a set theme (see below for examples).

Potential benefit:

Responds to the need voiced by families for greater consistency in the delivery of services between locations.

Potential benefit:

"Rising tide lifts all boats": Equalizes the ability of excellence in service delivery across many locations.

Potential benefit:

Professional development and networking opportunity for MFRCs, to profile and share their strengths.
