

# #MyVoice Tangible Impact II: Calian Military Family Doctor Network

*Feedback on #MyVoice has assisted in a partnership with Calian Health, improving military family access to quality health care by expediting the process of obtaining a physician.*

The screenshot shows a news article with a header image of a stethoscope on a calculator and a bar chart. The title is "Calian Military Family Doctor Network". Below the title is a paragraph: "Calian Health, in partnership with Military Family Services (MFS), is pleased to offer the Calian Military Family Doctor Network. The goals of the program are to improve access to quality health care for Canadian Armed Forces families by expediting the process of obtaining a physician and reducing the number of military spouses and children without a family physician." Another paragraph follows: "The program is now available in Winnipeg, Toronto, Halifax, New Brunswick, Kingston, Moose Jaw, Edmonton and Esquimalt where the need is great and there are a number of family physicians willing to extend their practices to accommodate military families." A third paragraph states: "More locations will be added in 2017, so be sure to check back regularly for a location near you." At the bottom is the Calian Health logo, which consists of a blue arrow pointing right above the word "CALIAN" in bold, with "Health · Santé" below it.
