3. Click the "Login" button to enter the MSEN platform and join the virtual career fair.

4. Shine bright! The first thing you'll want to do when you enter the platform is ensure your profile is up-to-date, this way employers won't miss out on a star like you!

5. Update you profile: To update your profile hover over your name on the upper right and click "Edit Profile." Adding a profile photo will also help ensure you get noticed!

6. Get to know the MSEN Employers: Now you're ready to navigate the MSEN platform and features of the virtual career fair. First, spend a few minutes learning about our different employers and the types of roles they are currently hiring for. This will help you look prepared and informed when you speak with the live reps. Click "Employer Hall" to see all of the employer booths.

7. Employer Hall: Once you are inside the Employer Hall, click on any of the employer booths you'd like to explore. The employers participating in the virtual career fair will be highlighted in green, these are the employers that have live reps available to chat with you during the fair.

8. Employer Message Boards: Once you are inside an employer booth, Click on "Employer Message Board" to read the welcome message from the employer for the virtual career fair. This is where employers will post answers to commonly asked questions, general information on the types of roles they are currently hiring for, as well as contact information for you to get in touch with them should the rep's calendars happen to fill-up during the virtual career fair.

9. Do your research: Then learn more about the employer by visiting the different tabs within their booth such as "About Us", "Documents", "Videos" and "Job Vacancies"
